

College and Career Readiness Program Waiver of Age Requirement Minor's Enrollment Application

RETURN TO: Dr. Marguerita Best, Executive Director College and Career Readiness Program White Building (Building 1), room 1-103 Durham Technical Community College 1637 East Lawson Street Durham, NC 27703

Minor applicants must be at least 16 years of age.

To be completed by applicant

Prior to being admitted into the College and Career Readiness (CCR) program, the Minor's Enrollment Application must be completed and submitted to the Executive Director along with an "official" copy of their high school transcript. Once this application has been reviewed and approved, the applicant will be notified and advised of the next step. Please wait to receive an email from Dr. Best, Executive Director.

Accessibility Services

Durham Tech provides disability accommodations and services designed to create equal access to the many aspects of education. Students can voluntarily self-identify with the College as having a disability or medical condition that may impact access to programs and activities.

Students with disabilities may achieve educational access through the effective use of accommodations or services such as individualized educational planning; support staff including note-takers and interpreters; assistive technology; alternative testing arrangements; and priority assistance during registration. Through a process of individual planning, students are encouraged to use their diverse abilities to succeed.

Durham Tech is mandated by Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (amended in 2008) to provide appropriate and reasonable accommodations to students who qualify for services.

Eligibility

These services are provided to students with a variety of disabilities including, but not limited to, attention deficit hyperactivity disorder, learning disabilities, psychological disorders, Asperger's and other pervasive developmental disorders, blindness or low vision, deafness or hard of hearing, pregnancy, mobility, and chronic health issues.

The Americans with Disabilities Act (amended in 2008) provides appropriate and reasonable accommodations to students who qualify for services. If you have a disability that may have some impact on your work in this class and for which you may require accommodation, please contact the Accessibility Services office by calling 919-536-7208, emailing accessibilityservices@durhamtech.edu, visiting the Wynn Center (Building 10), room 10-209, or view the Accessibility Services webpages for additional information regarding requirements for arranging accommodations.

In addition, services also may be available to Gateway students through Durham Public Schools. Services are offered through the Exceptional Children's Department of the Durham Public Schools and are designed to create equal access to education through the implementation of an Individualized Education Plan (IEP) designed to provide qualifying disabled students with a free appropriate public education. Students entering the Gateway to College program who previously received individualized services from a public-school district through a 504 Plan or an IEP, or who suspect they may need such services, may continue to qualify for services under Section 504 or the IDEA through the Durham Public Schools, or may request an evaluation to determine eligibility for such services. View information about Exceptional Children Services at DPSNC or contact Dr. Marguerita Best, 919-536-7231, ext. 2429.

It is the policy of the State Board of Education, the Community College System, Durham and Orange County public school systems, and Durham Technical Community College to encourage young people to complete high school, rather than to seek testing for the General Educational Development (GED) exam or to seek admission to the Adult High School Program. All other educational alternatives should have been explored before high school-aged students are referred to Durham Technical Community College.
