

Nurse Aide Information

Nurse Aide I (credit and non-credit)

Nurse Aide II (credit and non-credit)

Nurse Aide I Refresher

Nurse Aide II Refresher

“The Nurse Aide Program is really fun and hands-on. The labs are great, the teachers are really helpful and there are so many resources available to us. I feel like once it’s time for me to step out into the field, I’ll have a really good idea understanding of what to do.”—Kimani Spruill

A Nurse Aide (NA) is a valuable member of the health care team. Nurse Aides provide essential care to patients, clients, or residents in a facility or home setting while working under the supervision of a registered nurse (RN) or a licensed practical nurse LPN.

The Durham Tech NA program prepare students at the NA I and NA II level for a rewarding career through classroom instruction, laboratory work and clinical rotations.

- **NA I tasks** (examples)

- Bathing
- Dressing
- Feeding
- Toileting
- VS
- Mobility

- **NA II tasks** (examples)

- Catheterizations
- Tracheostomy care/suctioning
- IV set-up
- Tube Feedings
- Ostomy care
- Oxygen set-up

Who makes a great Nurse Aide?

The art of caregiving includes strong communication skills, compassion, patience, physical stamina, and a love of working with and helping others.

*Requirements for employment as a
Nurse Aide I and Nurse Aide II*

NA I: successful completion of a NA I course and state NA I exam (written and skills), leading to listing on NC NA I Registry.

NA II: completion of NA II course and listing on the NC NA II Registry

Employment opportunities for a NA's

- Skilled Nursing Facilities
- Assisted Living Centers
 - Adult Day Cares
 - Doctor's offices
 - Hospitals
- Home Care Agencies
 - Hospice

Employment of Nurse Aides (and orderlies) is projected to grow 17 percent from 2014 to 2024, much faster than the average for all occupations. Because of the growing elderly population, many Nurse Aides (and orderlies) will be needed in long-term care facilities.

- In the Durham-Chapel Hill area, people working as Nurse Aides typically make \$23,080 annually

NA Courses

NAI Hybrid –designed for task-oriented, self-motivated, organized students with excellent reading skills. Students in this course complete the classroom portion online and attend the laboratory portion and clinicals.

NAI Short Course–designed for students who have a background in health care or have taken other college-level classes. Students complete the NC Nurse Aide I state curriculum lecture and lab content in a compacted timeframe

NAI Hospital Based Hybrid–designed for students who want to work in a fast-paced, intense hospital setting. Students should be task-oriented, self-motivated, and organized with excellent reading and computer skills. Additional vaccinations and screening are required: MMR, Td, Varicella, drug screen, health insurance.

NA II - The Nurse Aide II course prepares graduates to perform more complex and invasive patient care skills. Upon successful completion of the course students will be listed on the NC BON NA II registry for a small fee. Must be listed on the NC NA I registry prior to registering for course.

NAI Refresher– review for individuals familiar with Nurse Aide I skills and concepts. Classes are designed to prepare students for the NC Nurse Aide I Competency Evaluation.

NAII Refresher– The Nurse Aide II Refresher is designed to assess and validate NA II skills competencies for individuals whose NA II certification expired within the past 24 months. After successful completion of the course students will be eligible for reinstatement on the NA II registry.

Registration

Admission qualifications

- For **non-credit NA I** courses, *one* of the following criteria must be met in order to enroll: US high school diploma or equivalency certificate*, NCDAP reading/English score of 136, EFL073 or DRE097, or transcript documenting successful completion of a college-level English (ENG111 or higher).
- For **non-credit NA II** courses, see qualifications for NA I non-credit. Additionally, students must submit active NA I Registry listing, proof of completion of a state-approved NA I course, proof of health insurance, current BLS certification and HS diploma/equivalency.
- For **credit/curriculum NA I and NA II** courses in the Nurse Aide Diploma Plan of Study, admission to the college is required.

Registration Locations:

Main, Orange County, or Duke St. North campuses*

*must register **in person** or via FAX 919-536-7298

***Non-US HS diploma:
please visit the Center
for the Global Learner**

How is the class structured and graded?

All courses (except refreshers) are composed of three parts
1) lecture 2) skills lab 3) clinical rotation.

Non-credit class grades: (S) satisfactory or (NG) no grade.

Credit classes: earn letter grades.

Clinicals

NA I clinical rotations are held in a local healthcare facility (Skilled Nursing or hospital). Clinical hours may vary slightly from classroom hours. Clinical location assignments are at the discretion of the Clinical Coordinator.

NA 2 clinicals are held in local hospitals.

Clinical Requirements

- TB skin/blood test or neg. chest x-ray
- Hepatitis B vaccination or declination form (provided)
- Criminal Background Check
- Flu shot (Spring and Fall)
- Social security number
- Government issued photo ID
- (NA 2 and Hospital-based NA I also need: MMR, Td, Varicella, drug screen, personal health insurance)

Equipment/supplies

Equipment/supplies required for NA I:

- **Uniform**—Students are required to be in uniform (hunter green scrubs) at all times. Lab jackets (optional) are also hunter green. White long-sleeved shirts are acceptable when worn under the scrubs. Two sets of scrubs are recommended.
- **Shoes**—Clean white or black closed heel shoes. Athletic shoes may have a little detail or color. For safety reasons, Crocs (or similar style) shoes are not allowed.
- **Watch** with a second hand. (Apple/Google watches are not allowed)
- **Transfer/gait belt**--nylon buckle or metal buckle are acceptable.
- **Stethoscope**
- **Blood pressure cuff**
- **Notepad and pens**—Regular-sized notepad for class/pocket-sized notepads for lab and clinical.
- **Textbook**—the text will be provided in class. The cost of the textbook is included in the registration fee.

Equipment/supplies required for NA 2:

- **Uniform**—Students are required to be in uniform (hunter green scrubs) at all times. Lab jackets (optional) are also hunter green. White long-sleeved shirts are acceptable when worn under the scrubs. Two sets of scrubs are recommended.
- **Shoes**—Clean white or black closed heel shoes. Athletic shoes may have a little detail or color. For safety reasons, Crocs (or similar style) shoes are not allowed.
- **Watch** with a second hand. (Apple/Google watches are not allowed)
- **Notepad and pens**—Regular-sized notepad for class/pocket-sized notepads for lab and clinical.
- **Textbook**— may be purchased online or in the Durham Tech bookstore

Refresher students: no equipment necessary.
Any uniform may be worn for class.
